Terra Firma Inc.
801 East 82nd, Suite A9
Anchorage
Alaska 99518

To: Whom It may concern

Subject: Terra Firma

Gentlemen:

Terra Firma is well-established Alaskan organization that provides timely professional materials testing to the Construction Family, including agencies, engineers and contractors.

In many ways they remind me of our early days developing Alaska Testlab, 1957 to 1973, for similar purposes. They show great energy and attention to fundamentals.

In addition I have been fortunate to witness Mr. Caron's and Ms. Tamara Selmer's diplomacy in sticky field situations.

For all these reasons we recommend Terra Firma to our clients for their control testing work.

Sincerely

H4M Corporation
